

# PEACE

Be at peace my faithful friend  
Let your heart find rest  
For your life is in God's hands  
Held in His tenderness

Look inside for comfort  
For He is waiting there  
Listening to your every thought  
To every whispered prayer

Let Him calm the raging storm  
That stirs within your soul  
Listen to His loving voice  
And He will make you whole

Be at peace my faithful friend  
Each day, this is my prayer  
That when you look deep within your heart  
You will find the Father there
